

Behavioral Health Studies Program Learning Outcomes:

Upon successful completion of this program, graduates will be able to:

- Demonstrate an understanding of the ethical principles involved in the human service field and how situational factors might impact the interpretation of those principles.
- Engage in assessment and collaborative service planning with clients, their families, and human service professionals by clearly communicating strengths and needs based information.
- Demonstrate awareness of factors which may inhibit access to services including issues related to finances, culture, language, mental health problems and cognitive disabilities.
- Demonstrate an awareness of personal and professional development in order to remain effective and promote optimal functioning for the self and clients.
- Utilize technical skills to effectively gather, analyze, evaluate, and share data while conforming to both legal and ethical guidelines for accessing and distributing confidential information.
- Demonstrate awareness of diversity and the ability to communicate across cultures.
- Locate both formal and informal support systems available in the community and facilitate client engagement with those systems.
