

Education Program Learning Outcomes:

Upon successful completion of this program, graduates will be able to:

- Discuss the history and philosophy of education in the United States and its influence on current law and policy.
- Apply strategies in curriculum development, instruction, methodology, and assessment to the development of a positive learning environment.
- Analyze the instructional needs of a diverse population of learners.
- Plan instructional activities that engage all learners in problem solving, critical thinking, and natural inquiry.
- Use clear communication skills to collaborate with learners, families, colleagues, and other key figures in the community.
- Determine the ethical behaviors required of professional educators in classrooms, schools, and local communities.
- Evaluate instructional technologies and multimedia resources for use in developmentally appropriate educational activities.
- Use reliable information resources to find current research on education policy and practice.
- Accurately calculate learner grades based on a developmentally appropriate and theory-driven grading scheme.
