

MyYCCC Portal Quick Guide

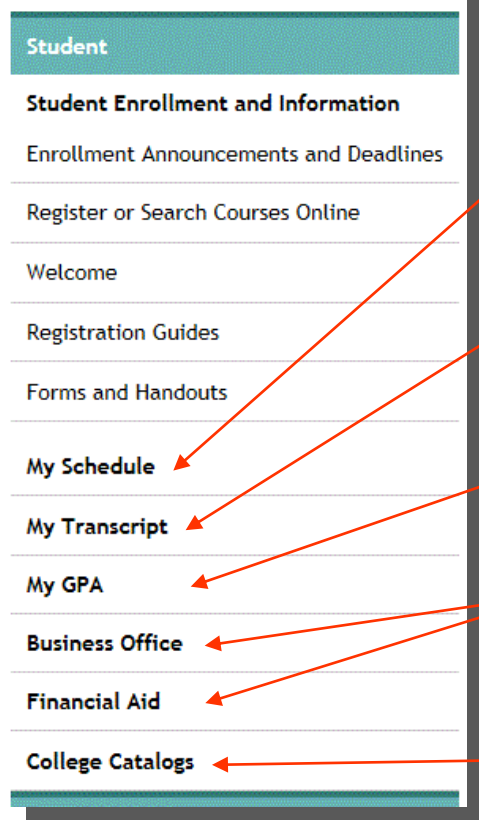

MyYCCC and “the portal” are the same thing. The MyYCCC portal is your #1 go to resource for your student information, events happening on campus, important dates, campus department information, and much more: <https://my.yccc.edu>

You’ll see various “tabs” across the screen under the college name. Most information on the MyYCCC portal is available publicly and doesn’t require students to login. However, to access any personal information, you will need to login.

In the **STUDENT** tab, you will have access to your educational records which include course schedule, unofficial transcript, grades, advisor contact information, bills and financial aid once you login. The student tab is also where you can search for and add/drop courses if you are enrolled in a YCCC program.

You are here: [Student](#) > [Student Enrollment and Information](#)

The **My Schedule** link lets you view and print your schedule which lists the rooms where your classes will be held.

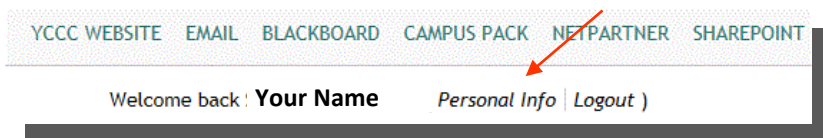

The **My Transcript** link is where all of your YCCC grades and transfer credits are posted for you to view. You may also download an unofficial copy of your transcript.

The **My GPA** and grading system links provide you detailed information on what each grade means on your transcript, and how it calculates into your GPA.

The **Business Office** and **Financial Aid** links let you view and pay your bills online or track your financial aid awards and documents.

The **College Catalogs** link will provide a listing of catalogs going back to 2010/2011. If you need to find your degree requirements, be sure to click on the catalog year for the year you enrolled in your current program.

There will be additional academic information available to you outside of the student tab if you click on the **Personal Info** link that is located right next your name at the top of the page. You can view your personal contact information, your enrollment status, the name of your faculty advisor, and your Accuplacer scores.

More questions? Contact **Enrollment Services** by stopping by the Student Affairs office suite A100, email bheaward@yccc.edu or mmehler@yccc.edu or call: (207) 216-4402 or (207) 216-4403.
