

March 18, 2020

Dear Colleagues,

As our college community has worked tirelessly to transition instruction, student supports, and operations to online delivery, you have each been confronting your own personal challenges and stresses as a result of the COVID-19 pandemic. I know it has not been easy.

The attached M CCS guidance is designed to provide initial answers to many of the questions and concerns you may have about how M CCS intends to support you and your families during these challenging times.

While I think you will find the document very helpful, there will be additional questions that it does not address. The System Office has created a webpage where it will post regular updates and additional information as it becomes available: <https://www.mccs.me.edu/covid19-employees/>.

You should also take advantage of the email account we have created to help answer any questions you may have or to offer suggestions: COVID19@yccc.edu

I am deeply grateful for all you have done to support the college and our community during these trying times.

My sincerest thanks,

Mike
