

NEW FOR SPRING 2018!

Learn the Essential Skills Needed for
Entry-Level Employment in Manufacturing

MACHINE OPERATOR PROGRAM

Begins January 22, 2018

A YCCC Non-Credit Career Training Program

With so many career opportunities, why wait?

In this 3-part series, you will learn the fundamentals of precision machining. Each course in this program will introduce you to work practices that you can use to jump-start your career as a machine operator, bench mechanic, grinding cell operator or other machinist position.

Machine Operator I: Fundamentals of Blueprint Reading, GD&T, and Precision Measurement

Monday & Wednesday, 5pm–8pm
January 22 to March 12, Tuition: \$525

Machine Operator II: Introduction to Conventional Machining, Including Milling, Turning and Grinding

Monday & Wednesday, 5pm–8pm
March 19 to May 7, Tuition: \$525

Machine Operator III: Introduction to CNC Operation

Monday & Wednesday, 5pm–8pm
May 14 to July 2, Tuition: \$525
