### ENTRY LEVEL CAD DRAFTING POSITION

Doucet Survey, LLC is looking for an entry level candidate to join our award-winning CAD department. At Doucet Survey we work hard to stay ahead of the competition by embracing current 3D technology. Our approach allows us to maximize value for our clients by providing a wide variety of ever-changing deliverables. CAD personnel are expected to keep pace with advances in technology and industry trends through research and training.

Employee would primarily have exposure to the following software packages; **Autodesk Civil 3d**, **Autodesk Revit** and **Autodesk Recap**, as well as a variety of point cloud processing software.

A 2-year degree in Computer Aided Drafting or a related program is preferred. Previous survey or civil engineering experience is a plus.

The successful candidate will be working with our team to compile a variety of high-detail deliverables to our clients.

Salary range is \$25-32 per hour with an attractive benefits package.

Doucet Survey has three offices in NH & one in Maine and provides Professional Land Surveying & Mapping Services throughout New England.

Please send resume & cover letter to [steve@doucetsurvey.com](mailto:steve@doucetsurvey.com).
